CO-LOCATION.COM OFFERS THE IDEAL NETWORKING AND HOSTING ENVIRONMENT FOR YOUR MISSION-CRITICAL EQUIPMENT

CO-LOCATION.COM'S SUPERIOR DATA-CENTER SOLUTIONS: LEVEL 3 GATEWAYS

Level 3 Gateways provide the ideal networking and hosting environment for your mission-critical equipment. Co-Location.com helps your communications-intensive company reduce its time to market by leveraging Level 3's broad global footprint and wholly owned network.

KEY ATTRIBUTES

-  State-of-the-art, secure facilities
-  Unrivaled connectivity to layers 1-3
-  Geographic diversity and scalability
-  Neutral business environment
-  Flexible co-location products coupled with effective, flexible power and cooling solutions

STATE-OF-THE-ART FACILITIES

Every Level 3 Gateway boasts carrier-class co-location space.

-  **Security:** Multi-layer security control procedures, biometric palm readers, and closed-circuit video surveillance
-  **Power:** Uninterruptible AC and DC power solutions that are flexible and upgradeable enough to meet every customer need
-  **Cooling:** HVAC, N+1 redundant design using raised flooring
-  **Fire Suppression:** Smoke detection system above and below raised floor; double interlock pre-action dry pipe fire suppression
-  **Overhead Cable Management and Ladder Racking:** Provides easy access to all cabling while deterring obstructions from under the raised flooring

UNRIVALED CONNECTIVITY

-  Diverse fiber entrances and riser systems
-  Tier 1 IP network & a world-class transport network for inter-city and intra-city circuits
-  Multiple third-party networks to choose from
-  Metro and long haul dark fiber solutions
-  Conduit availability on metro and long-haul routes provides virtually unlimited bandwidth scalability

GEOGRAPHIC DIVERSITY

Co-Location.com proudly offers co-location solutions in Level 3 Gateways. Level 3 maintains the largest data-center footprint of any communications provider worldwide with facilities in at least 65 global markets and a total of six million square feet of space. These facilities allow customers to expand their footprint by adding markets rapidly, or by increasing their space in existing markets.

NEUTRAL BUSINESS ENVIRONMENT

Level 3 facilities are "popped" with different world-class carriers to allow customers a flexible choice of network connectivity and diversity. Level 3 adopts an open policy regarding interconnection among its customers.

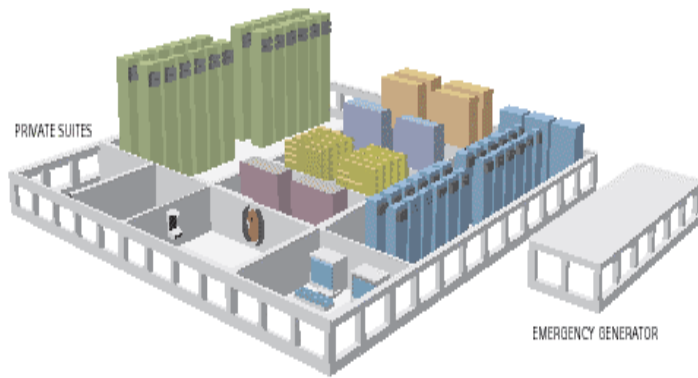

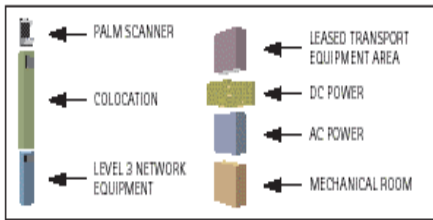

CO-LOCATION.COM OFFERS TWO PRODUCTS IN LEVEL 3 GATEWAYS

Cabinets: Best-of-Breed and Configured For Rapid Deployment

-  Lockable cabinet
-  19" or 23"
-  Pre-provisioned cable ladder and fiber tray
-  Patch panel for telecom cables
-  Standard AC UPS feed
-  Optional DC power or additional UPS power

Private Suites: Built to Specific Customer Requirements

-  Standard or custom-built
-  Wire mesh cage (North America requirement) or hard-walled suite
-  Flexible AC UPS or DC power feeds
-  Optional customization of cable ladder and fiber tray
-  Optional cabinet or rack provisioning

VALUE-ADDED SERVICES

Co-Location.com customers coordinate with Level 3 Gateway technicians for the following three services:

Cross Connects:

Cross Connects are available for customers connecting to:

-  All Level 3 backbone services
-  Customer Provided Access: Cross Connects to local loop providers for POTS, DS0, DS1, DS3, OCN
-  Customer Provided Fiber: Co-Location customers can connect to fiber providers via single or multi-mode fiber cross connects
-  Co-location to co-location: Interconnect with your customers or with your own space (Cat 5, Coaxial, Optical — single or multimode fiber)

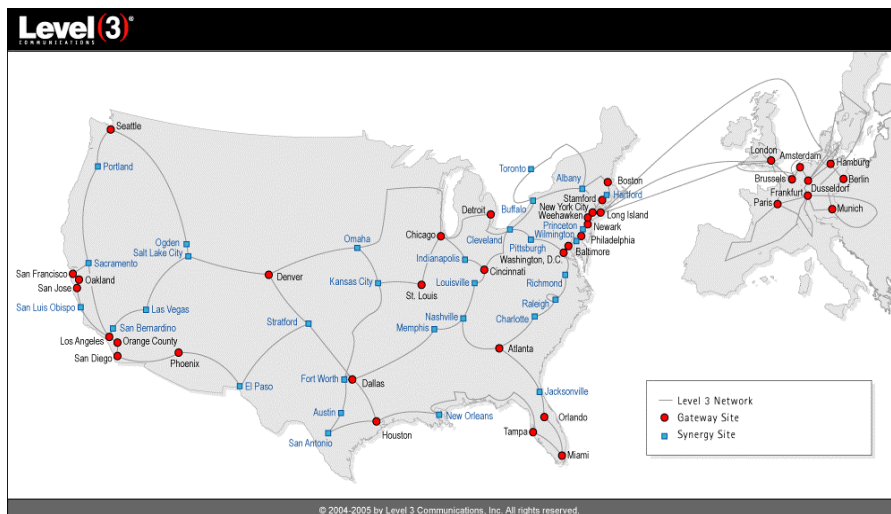

Remote Hands:

Field support is available 24 x 7 from Level 3 technicians to cover basic hardware and operational functions (SLAs vary by market):

-  Equipment power-cycling
-  Securing cables and setting switches
-  Cable swaps
-  Reboots of software
-  Read and report equipment alarms
-  Customer-supervised troubleshooting
-  Tape Backup

Managed Installation Services

These case-by-case customized professional services allow your customer equipment to be received and installed in designated Level 3 co-location areas.
